INVESTORS GUIDE 2020

TOKYO SANGYO CO., LTD.

Message from the President

We would like to express our heartfelt appreciation to all of our stakeholders for their support and cooperation.

The outlook of the Japanese economy during the last fiscal year remained uncertain in terms of both domestic and foreign demand due to several factors, including a hike in the consumption tax rate, the U.S.-China trade frictions, and a series of natural disasters. In addition, the continued call for quarantine as a measure to contain and prevent the spread of COVID-19 caused deterioration in the real economy and confusion in financial markets, further aggravating the declining economic conditions both in Japan and overseas. For the last fiscal year, amid these challenging economic circumstances, the Company recorded net sales in the amount of 98,604 million yen, gross profit of 8,424 million yen, operating profit of 2,696 million yen, ordinary profit of 2,972 million yen, and net profit of 2,178 million yen, achieving record-high profit for three consecutive fiscal years as well as achieving the mid-term business plan's net profit target.

From April, 2020, we have been starting a new mid-term business plan, covering the three-year period that ends in the fiscal year ending March 31, 2023. Under the new mid-term business plan, we have newly set our growth strategies as shown below.

- 1. Enhance our efforts related to the global environment and energy mix
- 2. Strengthen our initiatives for manufacturing and digital innovation
- 3. Make continued efforts to develop new businesses
- 4. Further develop global businesses
- 5. Respond to workstyle reform and nurture human capital

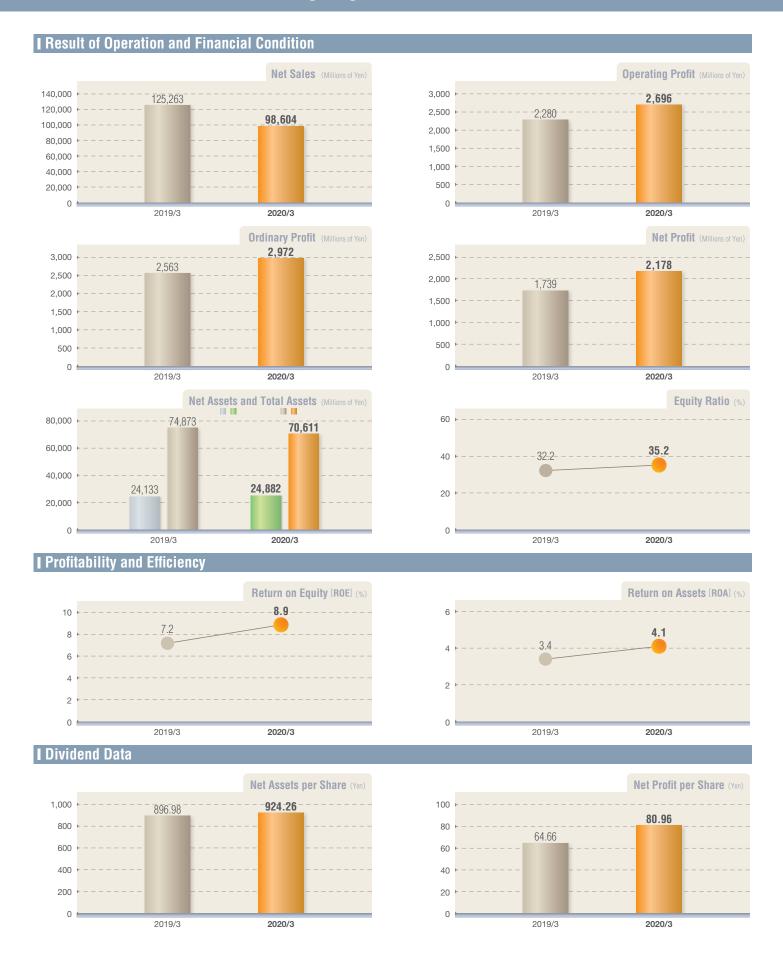

By steadily implementing these strategies and combining our organizational and individual strengths, such as leveraging our customer base that we have expanded in the energy field and overseas operations during the period of the previous mid-term business plan, we will respond promptly and flexibly to environmental and social changes and aim to enhance corporate value through sustainable management.

We would like to ask all of our stakeholders for their continued support and cooperation in the future.

President: Toshio Satomi
